**F.A.O Paul Stephen**

Dear Mr Stephen,

**ENVIRONMENTAL PROTECTION ACT 1990 (AS AMENDED)  
WASTE MANAGEMENT LICENSING (SCOTLAND) REGULATIONS 2011 ("THE  
REGULATIONS")  
REGISTRATION OF EXEMPT ACTIVITY, SCHEDULE 1, PARAGRAPH 47  
REGISTRATION NUMBER: WML/XC/1097416  
DETAILS OF ACTIVITY: THE REPAIR AND/OR REFURBISHMENT OF WEEE AT A SECURE  
PLACE  
AT: 2 HURLAWCROOK PLACE, EAST KILBRIDE G75 0AP (NGR: NS 64259 51191) ("THE  
SITE")**

Thank you for the notice you provided to SEPA on 14 September 2017 together with the charge of £377.

I confirm that on 25 September 2017 we entered the relevant particulars, which you provided in the notice, in the register of establishments or undertakings carrying on exempt activities.

The exempt activity which you have advised us that you intend to carry out is "The repair and/or refurbishment of WEEE at a secure place" in accordance with paragraph 47 of Schedule 1 to the Regulations

As the activity has been registered as "exempt" you do not need to obtain a waste management licence in order to lawfully carry it out provided you comply with the requirements set out in the Regulations, including in particular Regulations 17, 27, 28 and Schedule 1 paragraph 47.

Regulation 28 of the Regulations contains the Registration Obligations that require you to give appropriate notice to us of the date on which you first begin to carry on the exempt activity. In addition you must comply with the Relevant Objectives which are set out in Paragraph 6 of Part I of Schedule 4 to the Regulations ("the Relevant Objectives").

One of the requirements of the Relevant Objectives is that waste is managed without endangering human health or using processes or methods which could harm the environment. If you fail to comply with this then you may be committing an offence under section 33(1)(c) of the Environmental Protection Act 1990 by treating, keeping or managing controlled waste in a manner likely to cause pollution of the environment or harm to human health. It is also an offence to carry on an exempt activity in breach of the Registration Obligations.

The renewal date for registration of your exempt activity is **07 October 2018**.

We will send you a renewal notice requiring the payment of the annual charge when it is due. If you wish to renew the registration you must send the charge to us along with:

- a completed renewal form;
- an up to date plan of the site containing details of:
  - (i) the boundaries of the site;
  - (ii) the location within the site where the exempt activity is or will be carried on;
- details of the total quantity of each kind of waste recovered at the site in the preceding 12 month period.

Please note that SEPA may remove your entry from the register where:

- a) your establishment or undertaking no longer exists or no longer carries on the activity;
- b) the activity is no longer being carried on in compliance with the conditions or limitations of paragraph 47 of Schedule 1 to or the relevant provisions of Regulation 17 of the Regulations;
- c) you have not complied with the requirements of Regulation 27 of the Regulations (i.e. the annual requirements);
- d) the type and quantity of waste submitted to the activity, and method of disposal or recovery are not consistent with the attainment of the Relevant Objectives;
- e) there has been a breach any of the Registration Obligations; or
- f) Where the annual charge payable under Regulation 27 of the Regulations is not received by SEPA within two months of the due date.

If we decided to remove your entry from the register we will send a Notice of Removal to you to advise you of this.

We will carry out inspections to make sure that you are complying with the terms of the exemption.

If you require any further information, please contact Laura Sloan at SEPA's Eurocentral Office.

Yours sincerely

Graham Kerr  
Senior Environment Protection Officer
